

Please do not let Low Power FM (LPFM) take over FM translators!! K-LOVE is broadcast through an FM translator into Oklahoma City.

I listen to K-LOVE on a daily basis. It is the only radio station I listen to. I started listening to K-LOVE because it offered a positive message about life and morals, that are desperately lacking in other stations.

Many people in the OKC area would be impacted if K-LOVE were taken off the air. I see K-LOVE stickers in car windows as much, if not more, than other radio station stickers, including rock stations. There are many, many listeners in the OKC area.

With all of the hurts and frustrations people face everyday, K-LOVE offers a positive message that is desperately needed in Oklahoma City, as well as the rest of the U.S.

Thanks!!
